

**SPARKLY LED 470P** is a 470 watts LED moving head profile. It features four 180° rotatable shutter blades, iris and a zoom range from 6 to 42 degrees offering a full control on the light beam and coverage. It also has static and rotatable gobo wheels and a rotatable prism for a wide variety of effects. The output color is finely tuned with a CMY color mixing system and a CTO filter (2800-5600K) making it ideal for temporary and permanent theatrical, studio and stage applications.
