

BAT 404 is a 4x10 watts RGBW outdoor LED battery Par. It is operated with wireless solution wireless DMX and IR remote control. This lighting fixture is great for portable applications and for live events.

SOURCE Light source: 4x10 watts RGBW LED
LED life expectancy: 50,000 Hrs

BATTERY Battery type: Rechargeable lithium-ion battery LG CHEM
Recharge time: 5 Hrs
Battery Life: 5 hours FC
8 hours on color mixing mode
12 hours on single color mode

OPTICAL SYSTEM Beam angle: 15°
Field Angle: 29°

CONTROL & PROGRAMMING Control Protocols: Master/Slave, Auto Run, Wireless DMX, Infrared remote control
Control Channels: 4/6/11 CHS
Control Panel: OLED with touch button
Color Mixing: RGBW

ELECTRICAL Input Voltage: 100 - 240 V / 50-60 Hz
Power Consumptions: 45W

PHYSICAL Housing: Rigid Metal Housing
Dimensions: 138 x 144 x 204 mm
Weight: 3 kg
Color: Black
IP Rating: Top: IP65 - Base: IP33
Operating temperature: -10°C - 40°C
Charging Case: 8 pieces / case
