

CYCLOPS LIGHTING

MGR 538 is a 1U 19" Rack mounted DMX merger. It merges the DMX signal of 3 different sources, 1 main and 2 backups. It features 3 DMX 5pin inputs/thru and 8 DMX 5pin outputs all optically isolated. The merger runs in HTP or BACKUP modes (selectable). In HTP mode, the highest value of the 3 inputs on an identical channel will have priority. In BACKUP mode, the next successive input will take over when the active input fails.

- FEATURES**
- Merges up to 3 DMX sources
 - Power and data optically isolated DMXports
 - High voltage protection
 - Two operation modes: HTP and BACKUP
 - High brightness Power and Data Status LED indicators
 - Front panel Power on/off switch

- CONTROL & PROGRAMMING**
- DMX Pass-Thru
 - HTP and BACKUP Mode Selector
 - Power on/off switch
 - Power and Data LED indicators

- CONNECTIONS**
- Data inputs: 3 x Neutrik 5 pin XLR
 - Data thru: 3 x Neutrik 5 pin XLR
 - Data outputs: 8 x Neutrik 5 pin XLR
 - Power connection: powerCon input and output

- ELECTRICAL**
- Input Voltage: AC 88-256V 50/60 Hz

- PHYSICAL**
- Dimensions: 482 x 173 x 46 mm
 - Net Weight: 1.75 Kg
 - Color: Black
